## ABOUT MOLICC

Molicc System Sdn Bhd is a well-established wood-based manufacturing company since 1999 and has been producing quality doors and door frames for domestic projects such as residential and commercial building. With its expertise and vast experiences in timber door, Molicc has innovated a range of ID fire-rated door set with the compliance of SIRIM tested and approved to **(MS 1073: PART 3: 1996 (AMD.1:2003))** to meet the ever-demanding customer needs. In consideration of customer convenience, Molicc came out a one-stop center solution to our customer with the choices of Molicc's door hardware and ironmongeries.
